ESMINT News & Updates

Dear ESMINT Community,

As we come to the end of the year, this December edition brings together key updates and highlights from across ESMINT. From early insights into the Congress 2026 to recent educational activities and ongoing initiatives, we invite you to explore what has been shaping our community in recent months.

Society

Season's Greetings

In her Season's Greetings message, ESMINT President Anne Christine Januet reflects on a year marked by collaboration, growth and scientific progress. She highlights key achievements across education, research, networking and outreach, and looks ahead to strengthening connections and a shared sense of purpose in 2026.

Congress

Welcome Letter

Congress President Franziska Dorn introduces the vision for the ESMINT Congress 2026 and its guiding motto *Connecting minds, improving lives*. In her **welcome letter**, she reflects on collaboration across disciplines, patient-centred care and first insights into programme development.

Education

ECMINT 6.2 Highlights

The **second course of the sixth ECMINT cycle** focused on cerebral aneurysms and delivered an interactive learning experience on site in Oxford and online. The course combined lectures, tutorials and case-based discussions, with strong engagement highlighting the established ECMINT format.

Research

Study Endorsement

ESMINT offers the opportunity to obtain **official endorsement for high-quality clinical studies** in neurointervention. Submitted study protocols undergo structured peer review by experienced ESMINT members, providing a recognised seal of approval from a leading European scientific society.

Network

WIN@ESMINT

WIN – Women in Neurointervention is an ESMINT initiative dedicated to **supporting and connecting women in neurointervention** through education, mentorship and global collaboration. Discover how WIN initiatives promote visibility, leadership and gender balance within the neurointerventional community.

[Connect now](#)

Outreach

EastMINT Webinar

The EastMINT webinar explored the current state and progress of **stroke services in Eastern Europe**, with a focus on the EastMINT pilot programme. Representatives from participating centres shared local views and early outcomes, highlighting the importance of education, collaboration and exchange in improving stroke care.

Thank you for staying connected with ESMINT and for your continued engagement throughout the year.

As the year comes to a close, we wish you a peaceful holiday season and a healthy, successful start to the New Year. May this time offer an opportunity to pause, reflect and recharge for the year ahead.

We look forward to staying in touch and to continuing our work together in advancing neurointerventional care in the year ahead.

Your Electronic Media Team
Mohamed Aggour, Adrien Guenego, Birgit Amend
