17.00 – 17.30	Carotid and intracranial stenosis; epidemiology and risk
17.30 – 18.00	Carotid disease, medical management
18.00 – 18.30	Test of the day
19.00 – 21.00	Dinner (Bohemia Restaurant)

Tuesday, March 3, 2020 (Lecture Room 7 – Jupiter)

8.30 – 9.00	Carotid disease, surgical management
9.00 – 9.30	Carotid disease, endovascular management
9.30 – 10.00	Intracranial stent treatment for stroke prevention
10.00 – 10.30	Occlusive diseases and MoyaMoya
10.30 – 11.00	Tea / Coffee (Foyer)
11.00 – 11.30	Options of by-pass surgery
11.30 – 12.30	Workshop 1 (meeting room 4 - MARS) Anti-aggregant use in stenting
12.30 – 13.30	Lunch (Bohemia Restaurant)
13.30 – 14.30	Workshop 2 (meeting room 5 - SATURN) Tandem occlusions
14.30 – 15.30	Workshop 3 (meeting room 6 - URANUS) Avoiding complications
15.30 – 16.00	Tea / Coffee (Foyer)
16.00 – 16.30	Hemicraniectomy is a life saver
16.30 – 17.00	Medical cerebral protection, the future?
17.00 – 17.30	Thrombectomy in the anterior circulation
17.30 – 18.00	Thrombectomy in the posterior circulation
18.00 – 18.30	Test of the day
19.00 – 21.00	Dinner (Bohemia Restaurant)

Wednesday, March 4, 2020 (Lecture Room 7 – Jupiter)

8.30 – 9.00	Recanalisation and stenting in the posterior circulation
9.00 – 9.30	Influence of clot type on treatment
9.30 – 10.00	The distal clot, treat or not
10.00 – 10.30	What if thrombectomy does not work?
10.30 – 11.00	Tea / Coffee (Foyer)
11.00 – 11.30	Intracranial stenting in the acute situation
11.30 – 12.30	Debate - Carotid first, distal clot second
12.30 – 13.30	Lunch (Bohemia Restaurant)
13.30 – 14.30	Debate - Wake up and large infarct patients, treat or not
14.30 – 15.30	Debate - Drip, Ship or Mothership
15.30 – 16.00	Tea / Coffee (Foyer)
16.00 – 16.30	Futile treatment or not
16.30 – 17.00	Vasospasm vs. dissection vs. embolus treat or not
17.00 – 17.30	How to train fellows / colleagues
17.30 – 18.00	Study time
18.00 – 18.30	Test of the day
19.00 – 22.00	Dinner (Bohemia Restaurant)

Thursday, March 5, 2020 (Lecture Room 7 – Jupiter)

8.30 – 9.00	Neurovascular anatomy and topographic clinical correlations
9.00 – 9.30	Collateral pathways
9.30 – 10.00	Intracranial variant anatomy and pitfalls
10.00 – 10.30	Blood supply to cranial nerves
10.30 – 11.00	Tea / Coffee (Foyer)
11.00 – 11.30	Study time
11.30 – 12.30	Workshop 4 (meeting room 4 - MARS) Treating complications
12.30 – 13.30	Lunch (Bohemia Restaurant)
13.30 – 14.30	Workshop 5 (meeting room 5 - SATURN) Ethical considerations Workshop 6 (meeting room 6 - URANUS) Complex procedures
15.30 – 16.00	Tea / Coffee (Foyer)
16.00 – 16.30	Build your team
16.30 – 17.00	Reimbursement
17.00 – 17.30	Cost effectiveness
17.30 – 18.00	Study time
18.00 – 18.30	Test of the day
19.00 – 21.00	Dinner (Bohemia Restaurant)

Friday, March 6, 2020 (Lecture Room 7 – Jupiter)

Check out before start of morning preferable

8.30 – 9.00	Quality Assurance
9.00 – 9.30	Database use
9.30 – 10.00	Time for question
10.00 – 10.30	Study time
10.30 – 11.00	Tea / Coffee (Foyer)
11.00 – 12.00	Final test
12.00	Course end
12.00 – 13.00	Lunch

An application has been made to the UEMS EACCME® for CME accreditation of this event.
